[MS1: First delivery of STE U8500 and junaio based platform baseline]

Due date of milestone: [31-03-2012]
Actual achievement date: [20-12-2011]

Description:

This Milestone has been achieved by the successful delivery of D2.4.1, which included:

- The Physical platform provided by STE
- Initial SW baseline and associated tools and documentation, provided by STE
- The Initial junaio framework, provided by metaio
- The successful integration of the junaio framework on the STE platform (HW and SW), performed by ST
